

NDA Support Services

Intralinks Deal Services

Focus time and expertise on high-value work. Not on nondisclosure agreements.

Nondisclosure agreements (NDAs) are the most common type of contracts handled by businesses and organizations today. Some estimate managing up to 100,000 NDAs per year!

The process of drafting, reviewing and obtaining approvals and signatures is extremely tedious and time-consuming. When multiple entities are involved – potential investors or buyers, vendors or business partners – there can be an incessant back-and-forth of NDA negotiations. Revisions, tracking and version control can become very unwieldy.

Enter Intralinks Deal Services. Our team manages the entire process – from drafting NDAs to negotiating revisions to distributing and collecting completed, signed documents. This frees up your valuable staff, deal team or project group to focus their time and expertise where it's really needed – on closing deals, meeting clients and maximizing ROI.

Let Intralinks do the work. Benefit from:
