

Modern, one-step solutions for high-stakes IPOs and SPACs

Leverage the partnership between Intralinks, the globally preferred virtual data room (VDR), and our market leading financial printing partners, to power and protect your capital markets transactions across the deal lifecycle.

Accelerate Your Listing

- The world's leading VDR is partnered with marketing leading financial printers to bring you one-stop solutions for your listing
- Over 4 million global dealmakers chose Intralinks as the partner of choice for their capital markets transactions

Due Diligence

- The most widely used VDR, preferred for efficiency and easy adoption
- Assemble the data room with the help of Intralinks specialists who assist on over 8,500 transactions annually

Fast, accurate details

- Control your data, workflow, project access and content history for a more efficient regulatory filing process
- Access 24/7 support for document creation, filing, printing and distribution

Post Listing Regulatory & Compliance Requirements

- Our market leading financial communications partners insure that issuers are well-prepared for post-public filing and disclosure requirements with regulatory authorities"
